PROFESSIONAL SUMMARY

Writer, editor, and content strategist with 9+ years of experience translating complex technology into clear, compelling content for software and enterprise audiences. Background in journalism, technical writing, product content, thought leadership, and editorial content, with a strong interest in AI and emerging technologies. Experienced in partnering with product, engineering, marketing, and subject-matter experts to shape ideas into accessible stories, guides, and narratives.

EXPERIENCE

InMobi, Bangalore — *Lead Technical Writer | Content Strategist*

AUGUST 2023 – PRESENT

- Translate complex product and technical concepts into clear, audience-focused content across developer documentation, product content, release communications, and customer education.
- Partner with Product, Product Marketing, Engineering, UX, and subject-matter experts to shape technical narratives and communicate product capabilities to diverse audiences.
- Lead content strategy and editorial improvements for a Support Portal serving 100K+ users, strengthening information architecture, discoverability, and self-service experiences.
- Develop AI-ready content and experiment with AI tools including ChatGPT, Gemini, Claude, Copilot, and NotebookLM to improve content development workflows and quality.
- Apply editorial judgment, content standards, and structured writing practices to maintain consistency and clarity across complex technical content.

SelectHub, Remote — *Technical Content Writer*

JUNE 2021 – JULY 2023

- Authored 40+ technical blogs, solution-focused articles, product comparisons, buying guides, whitepaper-style content, and thought leadership for enterprise software audiences, adapting content across formats and audiences.
- Researched complex software products and translated technical information into accessible, engaging content that supported product evaluation and adoption while maintaining editorial quality, clarity, and consistency.

Brainvire Infotech, Remote — *Freelance Content Writer*

DECEMBER 2019 – MAY 2021

- Developed product tutorials, blogs, case studies, portfolios, and educational articles that translated technical concepts into accessible, audience-focused content.
- Applied SEO and content optimization to improve discoverability and audience reach, increasing organic traffic by 15%.

OpenXcell Technolabs, Ahmedabad — Content Writer (Product and UX)

JUNE 2018 – JULY 2019

- **Created product, UX, and onboarding content across 10+ software products**, simplifying complex workflows for end users.
- **Managed freelance writers and voice-over artists and refined content for clarity, accuracy, tone, and audience relevance.**
- **Used user interaction data and Google Analytics to refine content and improve engagement**, contributing to a **10% increase in click-through rates.**

Logicode Inc., Ahmedabad — Content Writer

FEBRUARY 2018 – JUNE 2018

- **Created and published weekly blog and social content**, coordinating with designers on visual assets and supporting content distribution across digital channels.

SoS Ideas India, Kolkata — Advertising & Copywriting Intern

JUNE 2017 – JULY 2017

- **Developed a 360° campaign for Food Tourism in Bengal, creating TV/radio scripts, social content, and print concepts** as part of a 10-member team.

Netscribes India Pvt. Ltd., Kolkata — Content and Market Research Intern

SEPTEMBER 2015 – NOVEMBER 2015

- **Drafted SEO product descriptions for lifestyle and tech e-commerce catalogs**, partnering with QCs and managers to ensure high-volume copy was delivered on time.

The Times of India, Kolkata — Editorial Intern

JUNE 2013 – SEPTEMBER 2013

- **Produced articles for national newspapers, Times Neighbourhood and Education Times**, working within editorial guidelines and publication standards.

PROJECTS

AI-powered Search for InMobi Support Portal

Developed a proof of concept for AI-powered Help Center search by structuring documentation, metadata, and content relationships to improve retrieval accuracy and self-service experiences.

Knowledge Experience Revamp

Designed a documentation quality framework to capture user feedback, identify content gaps, and drive continuous improvements across the Help Center.

Localization & Global Content

Supported localization of Help Center content by coordinating machine-translated content with external language vendors for linguistic and cultural refinement across multiple languages.
